Colorose series is Ruicheng's cosmetic special pigment series, chose safe raw original materials is the stable foundation for security of cosmetic special application . It used by highly pure Pharmaceutical grade material, accord with standard of FDA and EU. Colorose is the non-toxic and flowery luster effect pigment which would be widely used in the cosmetic industries such as nail polish, eye-shadow powder and hair dry ect.

Colorose系列是化妆品专用珠光颜料。此系列产品生产对使用的原材料进行了精心的挑选。并对云母或其他基材进行重金属检测，只有符合标准的材料才能用于化妆品颜料生产，同时最终产品也必须经过严格的检测。

根据FDA,EU等国际标准，现生产的化妆品专用珠光颜料全部采用INCI目录中能在人体所用部位使用的材料进行生产，其中大部分是无机材料，少量使用天然色素。
